Commander James J. [redacted]
Bethesda Naval Hospital
Bethesda, Md.

Dear Commander [redacted],

Enclosed is a copy of my book, AMSTERDAM - THE BIRTH OF THE WARREN REPORT.

Most of the medical data is in the chapter, "The Doctors and the Autopsy". There is some elsewhere, especially in the chapter, "The Number of Shots". Some of the exhibits with which I presume you are familiar are included in the Appendix.

After you have had an opportunity to read the book, I would welcome an opportunity to discuss the matter with you, alone or with Dr. Boswell, to whom I am writing similarly.

If you so desire, as I would, I can make a tape recording and give you a duplicate, or I can give you the tape and you may, if you wish, make your own. I believe that in this way there is no possibility of my having a faulty recollection of anything you may say.

From the book, you will readily understand those things that, from my research, give me greatest concern. I would certainly welcome any enlightenments.

I am looking forward to hearing from you.

Sincerely yours,

Harold Weisberg
